OVERVIEW

The final budget agreement between legislative leaders and Governor Newsom—announced on June 26, 2026—balances California’s General Fund budget for two fiscal years, 2026-27 and 2027-28. It lowers future operating deficits—the “structural deficit”—by more than either the Governor’s May budget proposal or the Legislature’s June 15 budget proposal. The final budget plan delays, softens, and rejects various proposed cuts to safety net programs and provides record funding to public schools. Across the General Fund, the state’s many special funds, and selected bond funds, the final budget includes spending of \$351.7 billion for 2026-27, including \$251.5 billion for 2026-27 (about \$1.5 billion less than the June 15 legislative proposal).

The California Legislature is expected to vote on around 20 bills proposed to implement the final budget agreement on Monday, June 29, 2026, with additional budget legislation possible later that week or in the closing days of the legislative session in August 2026.

* * *

Because of President Trump and Congressional Republicans, health costs are climbing and Californians are losing access to care, as well as food assistance and other supports. The White House is aggressively — and proudly — dismantling safety net programs. It is a historic crisis.

Trump’s “Big Ugly Bill”, H.R. 1, guts Medicaid, threatens CalFresh and puts millions of Californians at risk. Meanwhile, his reckless foreign policy and failed economic agenda are driving up gas prices, pushing inflation higher, and making working families pay for a crisis Republicans created.

With the 2026-27 California state budget plan, California’s leaders are fighting back.

California cannot undo every federal cut, but the state’s leaders are rejecting, delaying and softening as much harm as possible. This work has required California to find new sources of revenue, but the state’s leaders stand firm against raising taxes on individuals or working families.

While Trump creates chaos, California leaders are doing the hard work: protecting people, stabilizing Medi-Cal, defending food assistance and passing a responsible budget.

The final 2026-27 state budget plan—negotiated by legislative leaders with the Governor in late June 2026—rejects some proposed safety net cuts, such as the Governor’s proposed cuts to the In-Home Supportive Services (IHSS) Program, and temporarily delays and reduces various other cuts enacted last year or imposed by the federal government. Both houses aim to keep fighting to reduce, delay, or eliminate enacted cuts in 2027, as budget conditions allow. The Legislature, with Governor Newsom, invests in important California priorities: reproductive health, gender-affirming care, security for nonprofit institutions, subsidizing premiums for Covered California enrollees, diaper banks, restorative justice programs, and backfilling federal cuts to help victims of crime.

With a combination of serious long-term cost reductions and meaningful, new ongoing revenues originally proposed by Governor Newsom, the state also is reducing its structural budget deficit. The final budget plan reduces the operating deficit estimated for 2029-30 to \$8.4 billion (down from \$23 billion in the Governor's January budget proposal). Including revenues from SB 122—advanced by the Governor after the May Revision and completion of the legislative budget proposal—the deficit in 2029-30 is now more than \$1 billion less than in the May Revision.

Stabilizing Medi-Cal, Protecting Health Care

- **Rejects immediate Medi-Cal asset limit cuts:** Keeps the current asset test in 2026-27, and the asset limit would be lowered to \$21,000 (for a household with one member) in 2027-28, instead of moving to the Governor's proposed \$2,000 limit now.
- **Delays immediate Medi-Cal dental cuts:** Delays dental supplemental payment cuts and UIS dental cuts by 12 months.
- **Prevents an automatic premium increase for Medi-Cal enrollees with "unsatisfactory immigration status" (UIS) next year:** Requires the May Revision in May 2027—presented by California's next governor—to include a level of UIS premiums of up to \$50, rather than the increase from \$30 to \$50 the Governor proposed to lock in now in his May 2026 proposal.
- **Delays restricted-scope Medi-Cal changes for asylees and other qualified immigrants:** Adopts the Governor's May Revision proposal to shift asylees and other impacted qualified immigrants to restricted-scope Medi-Cal, but not until 2027-28.
- **UIS fee-for-service options:** Provides \$39 million for care coordination and navigators to assist UIS Medi-Cal enrollees with the transition from managed care to fee-for-service insisted upon by the administration, an attempt to comply with federal directives and avoid losing federal funds.
- **Delays most clinic cuts:** Delays most clinic cuts by 12 months.
- **Supports distressed hospitals and public hospitals:** Includes \$90 million of resources for grants to hospitals in significant financial distress, with authority for the administration to augment this funding by up to \$50 million if needed. Provides \$250 million to support designated public hospitals.
- **Lowers Covered California premiums:** Provides \$110 million to lower premiums for low-income Covered California enrollees, for a total of \$300 million annually.
- **Protects reproductive health care and gender-affirming care:** Adds \$40 million for reproductive health care and \$26 million for gender-affirming care.
- **Maintains mobile crisis for next year:** Maintains the mobile crisis Medi-Cal benefit until July 1, 2027, with plans for continuing discussions to address long-term funding sustainability for the 9-8-8 system and mobile crisis response services.

- **Support for county eligibility workers:** Allocates \$197 million for Medi-Cal county eligibility workers to address workload related to H.R. 1.
- **End the Epidemics Funding:** Implements a four-year expenditure plan for projects to end the epidemics of HIV/AIDS and other sexually transmitted infections, using nearly \$500 million of AIDS Drug Assistance Program Rebate Fund resources being repaid from previous General Fund loans. The plan includes funding for the Syphilis and Congenital Syphilis Outbreak Strategy in response to continued elevated rates of syphilis in some parts of the state. According to CDC data, among California's most populated counties, Fresno, Sacramento, and Kern Counties have the highest primary and secondary syphilis rates according to one key measure. Other rural counties have much higher reported syphilis rates than these urban counties.
- **Be Home Soon Plan:** Reflects no savings from legislative proposal to help seniors transition away from skilled nursing facilities and into community or home-based care, with a goal of continuing discussions on reducing costs and improving services in this area in the future.

Human Services: Protecting Seniors, Families and Vulnerable Californians

- **Rejects IHSS cuts:** Rejects the Governor's proposed In-Home Supportive Services (IHSS) cuts, protecting seniors and people with disabilities who rely on in-home care.
- **Supports food banks:** Provides \$108 million for CalFood, including \$70 million above the Governor's proposal, to help keep food banks stocked.
- **Funds CalFresh eligibility workload:** Provides additional funding for county eligibility workload tied to H.R. 1. More than 750,000 Californians are in danger of losing CalFresh benefits entirely, with millions more facing reduced benefits.
- **Rejects Adult Protective Services cuts:** Rejects the Governor's proposed cut to Adult Protective Services.
- **Protects immigrant communities:** Appropriates \$80 million more than the Governor proposed in the May Revision for immigration legal services across several programs.
- **Supports diaper banks:** Provides \$16.5 million for diaper banks.

Building Housing, Preventing Homelessness

- **Invests in homelessness solutions:** Provides \$900 million on a one-time basis for the Homeless Housing, Assistance and Prevention (HHAP) Program, the state's local homelessness program, which is \$400 million more than the Governor proposed in the May Revision.

- **Builds affordable housing:** Allocates \$500 million for the Low-Income Housing Tax Credit for the 2027 calendar year.
- **Supports multifamily housing:** Provides \$200 million for the Multifamily Housing Program.
- **Keeps housing bond work moving:** Allocates housing funds in anticipation of possible passage of the November 2026 housing bond by California voters.
- **Keeps families housed:** Allocates \$100 million for housing stability programs.

Education & Child Care

- **Historic levels of per pupil funding:** Appropriates historic levels of per pupil funding for public schools: \$21,148 per pupil from Proposition 98 resources, and an estimated \$28,207 per pupil from all state and federal resources. The final budget increases Proposition 98 funding for the Local Control Funding Formula (LCFF) by \$2.2 billion, reflecting declining enrollment, Universal Transitional Kindergarten (UTK), paid pregnancy disability leave costs, and a total 4.31% “super” cost-of-living adjustment (COLA) in 2026-27.
- **Invests in special education:** Increases special education base rates and cost pools by \$1.8 billion ongoing.
- **Expands community schools:** Expands the Community Schools Partnership Program with \$1 billion ongoing, including partnerships with Promise Neighborhoods.
- **Supports paid pregnancy leave for educators:** Funds and requires up to 14 weeks of paid pregnancy leave for educators through the Local Control Funding Formula.
- **One-time student support and discretionary block grant.** Provides \$5 billion, for an additional one-time student support and discretionary block grant, based on average daily attendance, that includes support for dual enrollment, career pathways approaches, induction, mentorship, community schools, deferred maintenance, and professional development for educators in developmentally appropriate transitional kindergarten, English language arts and development, and mathematics, through 2032.
- **School facilities.** Allocates \$1.5 billion of Proposition 2 school facility bond funds for 2026-27 construction projects. Funds an additional \$500 million one-time for the kitchen, infrastructure, and training program, with a clarification that family food pantries and culinary curricula, including school gardens, are an allowable local decision.
- **Universal meals.** Maintains California’s universal meals commitment with an increase in \$2.8 million in annual Proposition 98 funding, to reflect meal service estimates and a meal reimbursement rate increase.

- **Supports community colleges:** Ensures more ongoing funding for community college for 2.5 percent enrollment growth, through a fair share of Prop. 98.
- **Prioritizes Proposition 98 “settle up” paydown from IPO and other revenues over next year:** Appropriates 33% of any higher revenues between now and next May, after deducting higher Proposition 98 and Proposition 2 (rainy day fund) requirements due to those higher revenues, to paying down all or part of the estimated \$3.9 billion unpaid obligation to schools and community colleges for the 2025-26 fiscal year. Any such paydown would be transferred, as a discretionary deposit, to the Proposition 98 reserve for allocation in later budget legislation. To the extent that this unpaid 2025-26 obligation is not retired from higher revenues, its payment certainly would be discussed during the June 2027 budget process. State law already provides that this obligation would have to be paid in subsequent years after the 2025-26 Proposition 98 is finalized, or “certified,” next summer. If approved by voters, ACA 20 would provide an additional possible means to pay down this obligation, via Proposition 2 “debt repayment funds.”
- **Protects UC and CSU:** Funds fully the Governor's five-year compact by providing 5% operating increases to both systems in 2026-27, completing the five-year plan to provide annual funding increases to the University of California and California State University systems in exchange for continued in-state enrollment growth and stability in tuition levels.
- **Expands Cal Grant access:** Increases the Cal Grant age limit to 30 through the 2030-31 Cal Grant award year.
- **Adds some Middle Class Scholarship Program funding:** Includes an additional \$166.9 million for the program for 2026-27 academic year awards, compared to the Governor’s May Revision proposal. This covers a modest portion of the costs proposed by the Senate in its late May budget proposal.
- **Expands child care access:** Adds 22,770 new child care slots, with a net increase of child care slots of about 25,000 compared with the Governor’s May Revision proposal.
- **Supports child care providers:** Provides a 2 percent COLA for all child care programs.
- **Preschool shift into Proposition 98:** Shifts non-local education agency state preschool into Proposition 98 and rebench the minimum guarantee in 2026-27 to account for these additional costs.

Public Safety

- **Responsibly implements Prop. 36:** Provides around \$375 million for Prop. 36 implementation, including court workload, substance use and mental health treatment, victims support, rehabilitation and pretrial services, in addition to last year’s \$300+ million investment.

- **Supports victims of crime:** Allocates \$50 million for VOCA funding, up from \$25 million in the May Revision.
- **Protects communities from hate violence:** Provides \$80 million ongoing for the Nonprofit Security Grant Program.
- **Avoids unnecessary prison spending:** Requires \$150 million of spending reductions by the California Department of Corrections and Rehabilitation starting in 2028-29, with \$75 million of savings required in 2027-28. The legislative proposal to require closure of an additional prison is not included in the final budget deal with the Governor.
- **Supports MMIP grants:** Provides \$15 million ongoing for Missing and Murdered Indigenous People (MMIP) grants.
- **Supports Court Appointed Special Advocate (CASA) Program:** Allocates \$20 million for CASA. CASA supports children in the foster care and juvenile justice systems through the use of volunteer advocates who advance the best interests of the children.
- **Combats human trafficking:** Provides \$10 million for human trafficking vertical prosecution grants and \$10 million for victims programs.
- **Funds the RIGHT Grant:** Provides \$20 million for the Rehabilitative Investment Grants for Healing and Transformation (RIGHT Grant).
- **Next Generation 9-1-1:** Approves \$141.9 million special fund (one-time) to support a revised implementation of the Next Generation 9-1-1 system, with ongoing maintenance and support. Additional legislative actions include a requirement for an independent technical evaluation, third-party project oversight, and an audit, as specified.
- **Judicial branch:** Provides \$150 million in 2026-27 for courthouse deferred maintenance and \$100 million in 2026-27 and \$44 million ongoing for new judgeships and associated facility costs, resulting in 13 new judgeships in the next five years. The courts trailer bill, SB/AB 174, extends courts' remote hearing authority, with various requirements, and delays until 2029 the date by which courts must provide public lactation rooms.

Resources and Environmental Protection

- **Clean trucks, buses, and cars.** Provides \$356 million to boost new and used clean trucks, buses, and cars. Includes \$85 million for Clean Cars 4 All for low-income households over five years.
- **Community Air Protection Program.** Includes \$150 million from the General Fund for the Community Air Protection Program (AB 617, C. Garcia, 2017) at the California Air Resources Board.

- **Preserves key positions.** Rejects elimination of 356 positions (\$39.8 million special funds) at various departments, including 60.1 full-time equivalent positions at the California Department of Fish and Wildlife, including game warden positions.
- **Defers Proposition 4 allocation decisions:** Defers Proposition 4 bond funding allocation decisions to August budget legislation. Some discussions related to the Greenhouse Gas Reduction Fund also are deferred until August.

Reserves

- **Rainy Day Fund Reform:** Completed in conjunction with legislative approval of ACA 20, rainy day fund improvements, for consideration by voters in the November 2026 general election.

Revenue-Related Actions

- **SBs 122 and 125:** Reflects proposals advanced by the Governor and included in recently passed SB 122 and 125, including a temporary business tax credit limitation through 2029 (with ability for businesses to claim refundable credits later to offset that temporary limitation), a permanent tax credit limitation beginning in 2030 (more limited than the Governor's original May Revision proposal), digital software sales tax changes, and extending and updating the existing tax on managed health care plans to preserve Medi-Cal funding in light of new federal requirements.
- **SB/AB 180.** The other taxation trailer bill, SB/AB 180, contains the following taxation provisions:
 - Reduces, for the 2027, 2028, and 2029 tax years, the annual minimum franchise tax of \$800 to \$400 for limited liability companies doing business during the company's first taxable year.
 - Extends CalCompetes tax credits to recruit and retain businesses in the state through the 2034 taxable year.
 - Conforms, for ease of taxpayer compliance, state tax law with favorable federal tax law treatment for recently approved tax-deferred investment accounts for children known as 530A accounts.
 - Updates manufactured home limitations for the State Controller's property tax postponement program.
- **"Fair Share" options:** Moves the "fair share for big corporations" discussion forward with a requirement for the Department of Finance to provide draft bill options by March 2027 to hold large employers accountable for employees on Medi-Cal. If Congress repeals cruel Medicaid provisions in Trump's H.R. 1, the requirement for Finance to provide these options would be paused.
- **Evaluating effects of new business tax provisions:** Advances Supplemental Reporting Language to require the Legislative Analyst's Office to report in early 2028 on the economic impacts of the SB 122 tax changes.

The Facts

- **Big picture of how the budget plan evolved since May:** The May Revision, the June 15 legislative budget proposal, and the final 2026-27 state budget plan each balance the budget through 2027-28, add significant amounts to state reserves, and reduce future projected General Fund deficits. The final state budget plan mirrors the June 15 legislative budget proposal in most respects, especially its rejections, delays, and softening of many proposed safety net cuts. Compared to the June 15 legislative plan, the final budget reduces revenue estimates and trims spending proposals advanced by both the executive and legislative branches. In the final budget, the Governor secured agreement for some of his priority policy proposals, including a change to governance of the public education system and a transition of Medi-Cal services for those with “unsatisfactory immigration status” from managed care to fee for service.
- **Lower revenue estimates than in June 15 legislative plan:** The final budget generally reverts to the lower May Revision revenue estimates—adjusted upward for the effects of recently passed SB 122 and a few revised projections of smaller state revenue sources. The lower 2025-26 revenues in the final budget reduces required Proposition 98 school and community college spending compared to the June 15 legislative plan—with state General Fund spending for Proposition 98 in 2025-26 reduced from \$89.5 billion in the June 15 plan to \$87.7 billion in the final budget.
- **Total estimated state spending:** The final 2026-27 state budget plan—across the General Fund, the state’s many special funds, and selected bond funds—includes spending of \$317.1 billion for 2024-25 (similar to the June 15 legislative budget proposal), \$347.0 billion for 2025-26 (about \$1.5 billion less than the June 15 proposal), and \$351.7 billion for 2026-27 (about \$4.2 billion less than the June 15 proposal). The difference for 2025-26 spending results from the lower revenue estimate in the final budget and the related decrease in Proposition 98 spending. Most of the difference for 2026-27 reflects the final budget’s reduction to courthouse construction bond spending proposed in the legislative plan. In addition to total state spending, significant amounts of federal funds flow through state accounts, and these are estimated at \$187 billion in 2026-27
- **General Fund spending:** The legislative budget plan’s General Fund expenditures are \$231.2 billion for 2024-25 (similar to the June 15 proposal), \$245.3 billion for 2025-26 (about \$1.9 billion less than the June 15 proposal), and \$251.5 billion for 2026-27 (about \$1.5 billion less than the June 15 proposal). Net spending was reduced in the final budget negotiation across both legislative and executive branch spending proposals.
- **Evolution of revenue estimates:** The Legislative Analyst’s Office (LAO), in early May, projected that General Fund revenues would be about \$7 billion higher in 2025-26 than the administration projected in the May Revision. The LAO also projected slightly higher revenues in 2026-27. The June 15 legislative plan used part of the higher LAO revenue estimate for 2025-26 only: about \$5 billion in tax revenues above those assumed in the May Revision. While 2025-26 revenues will continue to be collected through early next year, they do not appear on track to be as robust as LAO projected as of mid-June. Accordingly, the final budget plan reverts to the May Revision tax revenue estimate, adjusted upward for the near-term effects of SB 122: a taxation trailer bill advanced by

the administration that was passed by the Legislature on June 18. SB 122's revenue estimates result in an upward adjustment of the May Revision revenue estimates by \$150 million in 2026-27, \$1.6 billion in 2027-28, \$2.9 billion in 2028-29, and \$2.4 billion in 2029-30, the final year of the administration's multiyear forecast period. After the forecast period, with a less stringent business tax credit limitation, SB 122 should result in somewhat less annual revenue for the state's General Fund compared to the May Revision, but somewhat more annual revenue than would be received under previous law.

- **More on revenue estimates:** In addition to the SB 122 adjustments to the May Revision tax revenue estimates described above, the final budget also reflects updated projections for other state revenue sources, principally state treasury investment earnings and unclaimed property proceeds—up a combined \$400 million in 2026-27 and thereafter. (While the General Fund receives unclaimed property proceeds under longstanding law, the state must provide owners with their unclaimed property after they successfully submit required information to substantiate a claim with the State Controller's Office. To learn more about unclaimed property, go to claimit.ca.gov.)
- **Surplus funds in 2026-27 set aside to help balance 2027-28 budget:** No budget adjustments were required to meet the constitutional requirement of balancing the state General Fund budget in the 2026-27 fiscal year. The May Revision, the June 15 legislative plan, and the final budget plan each included an estimated basic General Fund reserve (known as the Special Fund for Economic Uncertainties, or SFEU) of \$4.5 billion at the end of 2026-27. As described below, other surplus funds are deposited to a different reserve to help balance the 2027-28 state budget one year from now.
- **Significant additions to reserves in budget package:** The final budget plan includes an estimated \$28.8 billion of reserves in 2026-27, including the rainy day fund (\$15.1 billion) and the Proposition 98 reserve (\$9.2 billion). This increases those state reserves by more than \$13 billion above the 2025-26 level in last year's budget act. In addition, \$6.4 billion is deposited in 2026-27 to a separate special purpose reserve, the Projected Surplus Temporary Holding Account, in order to help balance the 2027-28 budget. Reflecting the successful use of the temporary holding account in this budget plan, the state government trailer bill (SB/AB 172) deletes the account's sunset date, making it permanent. In addition, Assembly Constitutional Amendment (ACA) 20, if approved by voters, would incorporate the temporary holding account into the state's constitutional budgeting framework. Consistent with the two-year budgeting plan first adopted in 2024, 2025-26 "true up" deposits to the rainy day fund remain suspended, consistent with the provisions of Proposition 2 of 2014, which allows such suspensions only in specific circumstances.
- **Balanced budget projected for 2026-27 and 2027-28:** The budget is projected to be balanced in both 2026-27 and 2027-28 under the administration's revenue and spending estimates. The California Constitution requires the 2026-27 budget to be balanced in this package, and the actions to balance the projected 2027-28 budget are above and beyond the constitutional requirements. The May Revision left a basic General Fund reserve (the Special Fund for Economic Uncertainties, or SFEU) balance of \$2.1 billion at the end of

2027-28. The June 15 legislative plan also balanced in 2027-28, but with a smaller SFEU balance of \$122 million. The final budget includes a projected \$403 million SFEU balance at the end of 2027-28.

- **2029-30 operating deficit lower in final budget:** The Governor’s January budget proposal anticipated a \$23 billion operating deficit—often called the “structural deficit”—in 2029-30, the final year of the administration’s multiyear forecasting period. The Governor announced his intention to propose a two-year balanced budget that significantly reduced the structural deficit in the May Revision. His May Revision, assuming adoption of all of its proposals, projected a \$9.6 billion operating deficit in 2029-30. The June 15 legislative plan projected a \$9.7 billion operating deficit in 2029-30. Including the higher near-term revenues from SB 122, the final budget plan projects an \$8.4 billion operating deficit in 2029-30.
- **The “big picture” numbers through 2027-28:** Because this budget was balanced through 2027-28, it can be instructive to compare General Fund revenue and spending levels between the budget plans across the three fiscal years at issue: 2025-26, 2026-27, and 2027-28 combined, as well as ending reserve levels.
 - General Fund revenues and transfers for the three fiscal years combined
 - May Revision: \$717.1 billion
 - June 15 legislative plan: \$722.8 billion
 - Final budget: \$720.7 billion
 - General Fund Proposition 98 spending for the three fiscal years combined
 - May Revision: \$273.5 billion
 - June 15 legislative plan: \$277.1 billion
 - Final budget: \$276.1 billion
 - General Fund non-Proposition 98 spending for the three years combined
 - May Revision: \$470.2 billion
 - June 15 legislative plan: \$474.3 billion
 - Final budget: \$473.0 billion
 - SFEU reserve balance at the conclusion of those three fiscal years
 - May Revision: \$2.1 billion
 - June 15 legislative plan: \$0.1 billion.
 - Final budget: \$0.4 billion
 - Budget Stabilization (rainy day) Account balance at end of the three years
 - May Revision: \$18.5 billion
 - June 15 legislative plan: \$18.5 billion
 - Final budget: \$18.5 billion

HEALTH

Department of Health Care Services

- Both the Assembly and Senate aim to revisit any final reductions enacted in the 2026 budget, and consider additional delays, restorations, or modification of those reductions as part of the 2027-28 budget process, consistent with the state's fiscal condition at that time.
- Approves \$303.1 million General Fund in 2026-27 to provide full-scope Medi-Cal coverage to Qualified Non-Citizen populations (e.g. refugees, asylees, victims of trafficking) through July 1, 2027.
- Requires the Governor's 2027-28 May Revision to determine the Medi-Cal premium for individuals with Unsatisfactory Immigration Status, to be set between \$30 to \$50 per month, effective July 1, 2027.
- Maintains the current Medi-Cal asset limit test of \$130,000 for a person / \$195,000 for a couple until July 1, 2027. Updates the Medi-Cal asset limit test to \$21,000 for a person / \$31,000 for a couple beginning July 1, 2027.
- Authorizes the Department to establish and seek federal approval to continue an alternative, federally compliant Managed Care Organization (MCO) tax effective January 1, 2027, and adopts the Administration's proposed MCO tax trailer bill.
- Transitions individuals with Unsatisfactory Immigration Status from Medi-Cal Managed Care to Medi-Cal Fee-for-Service, effective January 1, 2027.
 - Allocates \$31 million for care coordination services for transitioning individuals (includes navigation services, language access capabilities, integrated planning, member outreach) and various enhancements to care planning tools, data dashboards, and integration with the nurse advice line.
 - Provides an additional \$8 million for contracts with clinics and community-based organizations to provide culturally and linguistically appropriate care navigation services to individuals transitioning to Fee-for-Service.
- Provides \$196.9 million General Fund in 2026-27 for county eligibility workload related to HR1 implementation.
- Appropriates \$1,010,655 General Fund in 2026-27 to support clinics' Prospective Payment System (PPS) reimbursements for state-only Medi-Cal populations.
- Provides \$250 million General Fund for 2026-27 to support California's public hospital system.

- Delays the elimination of Proposition 56 Medi-Cal Dental supplemental rates funded through General Fund to July 1, 2027.
- Delays the elimination of state-funded dental coverage for Medi-Cal enrollees with Unsatisfactory Immigration Status to July 1, 2027.
- Allocates \$1,500,000 General Fund in 2026-27 to support staffing or contract authority to enable DHCS to clear the Medi-Cal Home and Community Based Alternatives (HCBA) Waiver waitlist and serve all eligible individuals seeking enrollment in the HCBA Waiver program.
- Appropriates \$7,700,000 General Fund in 2026-27 to support bridge funding for Congregate Living Health Facilities pending transition into the managed care delivery system.
- Rejects the proposal to implement a rate cap for Program of All-Inclusive Care for the Elderly (PACE) organizations at the actuarial lower bound rate.
- Provides \$800,000 in 2026-27 and ongoing (\$400,000 General Fund; \$400,000 Federal Fund) to hire additional nursing staff positions to evaluate the applications of frail, older Californians applying to enroll in a PACE program.
- Provides \$5 million General Fund in 2026-27 for a behavioral health pilot program to treat individuals with severe schizophrenia, or Anosognosia.
- Includes \$2,000,000 million one-time direct payment to the Yurok Tribe of California to support health programs.
- Provides \$5,000,000 to support Allcove youth mental health centers.
- Allocates \$2,000,000 to support implementation of the Children and Youth Behavioral Health Initiative.
- Includes \$30,000,000 General Fund in 2026-27 to support rate increases for private duty nursing.
- Rejects the elimination of the Medi-Cal adult acupuncture benefit.
- Approves the Department's proposal related to utilization management for Applied Behavioral Analysis / Behavioral Health Treatment and Transportation Services.
- Approves the Department's proposal related to refinements and efficiencies for Community Supports and Enhanced Care Management.

- Includes \$42.2 million one-time General Fund to support the extension of community-based mobile crisis response services benefit in the Medi-Cal program until June 30, 2027.
- Allocates \$41,816,000 (\$25,858,000 Behavioral Health Services Fund; \$15,958,000 Federal Fund in 2026-27 and \$1,839,000 (\$920,000 BHSF; \$919,000 FF) in FY 2027-28 through FY 2029-30, and \$1,736,000 (\$868,000 BHSF; \$868,000 FF) in 2030-31 and ongoing for 10 positions to continue implementation of Proposition 1's Behavioral Health Transformation and support ongoing implementation, operations, monitoring, and oversight activities.

 - Provides \$173,000 ongoing from the Energy Resources Program Account (ERPA) to convert 1.0 temporary position to a permanent, full-time position to support analysis of data sets utilized for the implementation of Chapter 1, Statutes of 2024 (AB X2-1) for the Division of Petroleum Market Oversight (DPMO).
 - Funds \$176,000 from the Energy Resources Program Account (ERPA) in 2026-27 and ongoing and 1.0 position to address staffing needs to continue implementation of the state Renewables Portfolio Standard (RPS) program.
 - Approves \$660,000 in 2026-27 from the Energy Resources Programs Account to implement SB 237 (Grayson, 2025).
 - Allows \$342,000 in 2026-27 and 2027-28 from the Energy Resources Programs Account to implement AB 368 (Ward, 2025).
 - Authorizes \$205,000 for 1 ongoing position from the Energy Resources Programs Account, and \$191,000 in 2026-27 and 2027-28 for a limited term position to implement SB 767 (Richardson, 2025).

- Adopts various technical encumbrance extensions, reappropriations, and converts 3.3 temporary positions into one permanent position.
- Approves \$2 million Energy Resources Programs Account (ERPA) annually for four years to support 4.0 positions and consultant support resources to implement the requirements of Chapter 119, Statutes of 2025 (SB 254) specific to the preparation of one or more program environmental impact report(s) (PEIR) for clean infrastructure projects to accelerate the review of clean and renewable energy projects.
- Adopts the following technical changes: Item 3360-492 be amended to reappropriate Item 3360-001-0001, Budget Act of 2022, to correct a drafting error. Item 3360-493 be added to extend the encumbrance period from June 30, 2026, to June 30, 2028, and the liquidation period from June 30, 2028, to June 30, 2032, for Item 3360-101-0890, Budget Act of 2016, and Item 3360-101-0890, Budget Act of 2018 to receive and process federal American Reinvestment and Recovery Act loan repayments.

Office of Energy Infrastructure Safety

- Authorizes 9 positions and \$2,549,000 (\$2,039,000 Public Utilities Commission Utilities Reimbursement Account (PUCURA) and \$510,000 Safe Energy Infrastructure and Excavation Fund (SEIEF)) ongoing to address information technology baseline gap resources. This request is necessary to address critical workload capacity and mission critical support gaps that are currently being supported by limited term resources that will expire in 2026-27.
- Provides 4 positions funded from existing related contracting funding ongoing, to increase the department's utility vegetation management inspection rate of wildfire mitigation plans completed by the investor-owned utilities.
- Allows 1 position and \$148,000 (\$118,000 Public Utilities Commission Utilities Reimbursement Account (PUCURA) and \$30,000 Safe Energy Infrastructure and Excavation Fund (SEIEF)) in 2026-27 and ongoing to coordinate internal accounting functions with the contracted fiscal services provider, process travel expense claims and invoices, review month-end reconciliations, monthly travel reconciliations, and validate financial records.
- Provides \$1,393,000 (Safe Energy Infrastructure and Excavation Fund (SEIEF)) and 8.0 permanent positions in 2026-27 and ongoing to implement new Underground Safety Board-related ongoing requirements with the passage of Chapter 119, Statutes of 2025 (SB 254).

TRANSPORTATION

- Specifies that state funds allocated to the Carl Moyer Memorial Air Quality Standards Attainment Program, the Port and Freight Infrastructure Program, the Solutions for Congested Corridors Program, the Clean Off-Road Equipment program, the Commercial Harbor Craft program, the Clean Truck and Bus Voucher Incentive Project, the Trade Corridor Enhancement Program, and the Clean Transportation Program shall not be allocated for the purchase of fully automated cargo handling equipment or for automation supporting improvements or replacements that are used to support fully automated cargo handling equipment.

California Transportation Commission

- Provides \$252,000 ongoing (\$118,000 State Highway Account, \$134,000 Public Transportation Account) to convert 1 limited-term position to a permanent position to support the continued development of the State and Local Transportation System Needs Assessment required under Chapter 508, Statutes of 2022 (SB 1121).

California State Transportation Agency

- Authorizes 3 permanent positions and \$860,000 in Fiscal Year 2026-27 and ongoing to establish an Enterprise IT Portfolio Management Office.
- Reappropriates \$300,000,000 General Fund for the LOSSAN Corridor, Item 0521-131-0001, Budget Act of 2021 (Chap. 44 of 2022).
- Suspends penalties for not maintaining the prescribed ratio of fare revenues to operating costs on transit operators during the 2026-27 fiscal year and exempts transit operators from meeting specified efficiency standards through the 2026-27 fiscal year.

CalTrans

- Approves statutory changes to shift \$50 million of federal funds for workforce development to \$30 million of state transportation funds.
- Appropriates \$2 million from the General Fund for the City of Ventura for infrastructure improvements to Main Street consistent with parklet design.
- Specifies \$15 million of the \$270 million appropriated from the Trade Corridor Enhancement Account for the Trade Corridor Enhancement Program shall be for road improvements on freight corridors connecting the Ports of Los Angeles and Long Beach between the 105, 110, and 710 freeways.
- Adopts \$225,000,000 one-time (\$6,939,000 in Personal Services and \$218,061,000 in Operating Expense) from the State Highway Account to continue replacing its aging fleet

and installing Zero Emission Vehicle (ZEV) infrastructure to comply with state mandates and regulations.

- Adopts statutory changes to allow automated enforcement on the State Highway System portion of the Games Route Network in advance of the 2028 Olympic and Paralympic games that will be held in the Los Angeles region. This trailer bill authorizes a civil penalty of \$293, with a mechanism to issue a lesser fine to an individual with limited financial means. The proposal authorizes Caltrans to enter into an agreement with a local authority or regional transportation agency to administer the program and allocates fine revenue to pay for the state's costs associated with the administration of the automated enforcement program and the Games Route Network. The proposal requires that prior to the issuance of fines, there must be an extensive public awareness campaign of at least 120 days about the automated enforcement of the Games Route Network to prepare drivers in the region. The trailer bill provides an exemption to the Administrative Procedure Act, and clarifies that confidential information obtained by the automated enforcement is not subject to the Public Records Act or allowed to be used for any other purpose. Funds collected will be used to reduce costs associated with the Games Route Network and are continuously appropriated.
- Appropriates \$40 million one-time General Fund for Clean California litter abatement.
- Approves \$6.2 million for two-year limited term General Fund annually for homeless encampment liaisons in 2026-27 and 2027-28.
- Appropriates \$27,502,000 one-time in operating expenses from the Public Transportation Account for the maintenance and overhaul of state's passenger rail equipment for three state supported intercity passenger rail routes (Pacific Surfliner, Capitol Corridor, and San Joaquin) administered by their respective Joint Powers Authorities.
- Adopts a one-time increase of \$7.2 million State Highway Account for Generative Artificial Intelligence (Gen AI) in the state highway system for Enhancing Vulnerable Road User (VRU) Safety and Gaining Traffic Mobility Insights (TMI).
- Amends Government Code Section 54237.7 to increase the fund cap of the State Route 710 Rehabilitation Account from \$1.2 million to \$15 million, for the purpose of providing repairs to more homes.
- Approves a one-year extension of current resource levels including \$19,091,000 State Highway Account (\$5,529,000 In Personal Services and \$13,562,000 in Operating Expense) for FY 2026-27 to support the continued transition and on-boarding to the Financial Information System for California (FI\$Cal) System. This includes 34 limited-term positions.
- Provides a permanent increase of 34 positions and \$7,600,000 (\$7,060,000 Personal Services and \$540,000 Operating Expenses) from the State Highway Account (SHA) to address a sustained rise in workload. This request would be considered a netzero request because the funding would be sourced from a transfer of local federal funding to Caltrans

so the associated funding from the State Highway Account (SHA) would be exchanged to fund this additional support need, which would result in a net-zero impact on state transportation funding.

- Funds seven positions and \$1,213,000 from the State Highway Account in 2026-27 and ongoing to increase the number of investigations Independent Office of Audits and Investigations (IOAI)'s Investigations Unit can perform, and therefore strengthening its oversight of the California Department of Transportation (Caltrans).
- Adopts an increase in reimbursement authority of \$7,443,000 in FY 2026-27, \$5,685,000 in FY 2027-28, \$1,806,000 in FY 2028-29, and \$1,366,000 ongoing from the State Highway Account to fund maintenance operations that will be reimbursed by local agencies.
- Allows \$139,000 State Highway Account (\$130,000 in Personal Services and \$9,000 in Operating Expense) in Fiscal Year 2026-27 to implement the changes to the Outdoor Advertising Act, Business and Professions Code as required by Chapter 313, Statutes of 2025 (SB 364, Strickland).
- Appropriates \$1,066,000 State Highway Account (\$1,031,000 in Personal Services and \$35,000 in Operating Expenses in Fiscal Year 2026-27 to implement the requirements of Chapter 743, Statutes of 2025 (SB 78, Seyarto) to evaluate efforts and opportunities to streamline the delivery of safety enhancement projects on the State Highway System.
- Adopts \$9,000,000 in FY 2026-27, \$10,000,000 in FY 2027-28, \$10,500,000 in FY 2028-29 from the State Highway Account for telecommunications utility costs essential to operating the State Highway System's Traffic Management Network.
- Funds \$ 7,150,000 State Highway Account for Fiscal Year (FY) 202627 and \$8,311,000 in ongoing funding beginning in FY 2027-28 to sustain and enhance cybersecurity protections for the Traffic Operations Support Network (TOSNet).
- Appropriates \$364,000 State Highway Account for two (2) permanent positions to create and maintain a prioritized statewide and regionally significant climate adaptation project list and to create an ongoing annual report of the list for the Legislature as required by SB 695 (2025).
- Adopts 8 positions and \$1,313,000 for fiscal years 2026-27 and 202728 to continue the administration of Caltrans' responsibilities to meet Proposition 1B requirements.
- Approves two-year limited-term resources in the amount of \$978,000 State Highway Account (\$933,000 in Personal Services and \$45,000 in Operating Expenses) to continue the road charge research program.
- Allows a two-year extension of \$2,709,000 in State Highway Account Reimbursement authority starting in Fiscal Year 2026-27 for services rendered on behalf of the California High Speed Rail Authority.

- Adopts the following technical changes:

Increases to Authority

- 2660-001-0046: Increase Public Transportation Account Reimbursement Authority by \$4,507,000 in 2026-27 for the Mass Transportation Program for Caltrans to complete work for California State Transportation Agency's (CalSTA) Transit Intercity Rail Capital Program.
- 2660-001-0890: Increase by \$4,714,000 in 2026-27 and \$3,042,000 in 2027-28 to allow Caltrans to fully utilize the administrative set-aside of the federal grant for Promoting Resilient Operations for Transformative, Efficient, and Cost-Saving Transportation (PROTECT).
- 2660-302-0042: Increase State Highway Account Reimbursement Authority by \$361,000,000 in 2026-27 for Capital Outlay Projects. Caltrans routinely performs work on behalf of the Bay Area Tolling Authority (BATA). The increase in reimbursement authority will better align Caltrans' current workload estimate for BATA.
- 2660-102-0042: Increase State Highway Account Reimbursement Authority by \$275,000,000 in 2026-27 for Local Assistance. The increase allows Caltrans to perform work on behalf of CalSTA on the Port and Freight Infrastructure Program.
- 2660-304-6056: Increase Proposition 1B Trade Corridors Improvement Fund (TCIF) Schedule 1 Authority by \$803,000 in 2026-27 for a Capital Outlay project. Based on a recent TCIF program update, the I-10 Corridor Express Lanes project in Los Angeles and San Bernardino Counties is entering close out and available Authority in Budget Year is needed to pay the balance of invoices.

Net Zero Program Transfers

- A net zero transfer between various programs within Item 2660-001-0042 to better align resources with planned workload.

Reappropriations

- Enterprise Data Governance Technology Solution—Reappropriate up to \$882,000 of Item 2660-001-0042, Schedule 12, and up to \$7,797,000 of Schedule 4, Budget Act of 2025 to continue project implementation.
- 2660-494: Reappropriate the following Proposition 1B bond Items as there are still active construction projects. The funds were already awarded to local agencies and/or 30 contractors that reappropriation is necessary to meet contractual obligations to avoid litigation or project stoppages.
- 2660-104-6056, Budget Act of 2010 (TCIF) 2660-304-6056.
- Budget Act of 2019 (TCIF) 2660-304-6058.
