Vote Only Issue 1: Ocean Protection Council – Ocean Protection Trust Fund Appropriation (SFL)

The 2013-14 Governor's Budget proposed consolidating ocean related programs into the Natural Resources Agency. In the past, funding from Proposition 84 for the Ocean Protection Council (OPC) was transferred into the Ocean Protection Trust Fund and appropriated to the State Coastal Conservancy (SCC). This proposal would continue the current ocean programs consolidation efforts by appropriating the unencumbered balance of \$20.154 million from the Ocean Protection Trust Fund to the Natural Resources Agency to continue to fund projects approved by the OPC.
