Budget Subcommittee No.2 Education Finance and
Education
Pandemic Response Oversight: Learning Recovery,
Chronic Absenteeism, and Enrollment Loss

11-30-2021

Sonoma COE Snapshot

- Sonoma County Schools continue a steady decline in enrollment, remaining in the top 5 in CA.
- Sonoma County Schools are expected to experience the fourth largest decline in enrollment over the next ten years at almost a 17 % decline.
- Declining enrollment causes more than financial issues for districts, to include:
 - Loss of relationships with teachers, friends, due to moves, layoffs, and school closures
 - Negative impacts on school climate and culture
 - Exacerbation of the traumatic experience for long term staff, students, and families exposed to fires, floods
- Student survey data from Youth Truth indicate six key themes important to students:
 - The FIRES & COVID Effect
 - Learning
 - Motivation
 - Obstacles to Learning
 - Relationships with Teachers
 - Belonging & Friendship

Data

- Youth Truth (April 2021)
 - 46% of students report feeling stressed “often” or “all the time”
 - 12% of Sonoma County students, **over 1000 students**, report seriously considering suicide
 - Only 34% of Sonoma County students believe that their school has programs or services that can help if they are feeling stressed, upset or having problems
 - Only 32% of students report having an adult at school they can talk to when they are feeling stressed, upset or having problems
- PsySTART (on-going)
- Unfilled Counseling positions across Sonoma County Schools
 - Edjoin reflects 18 open positions (November 2021)
- District Needs Assessments
 - 100% of SAMHSA District Partners named “direct individual and group counseling” as the number one priority for continued support (November 2021)

Addressing Needs

- COE Counseling Teams Assigned to Districts with Menu of Services available
- Streamlined approach to connect students and families to additional community based services
- Stepped Triage to Care Approach
 - Situational Screening, Parent Training, Direct Training of Staff, Direct Counseling Services
- Survey and Triage Tools for Students
 - YouthTruth
 - PsySTART
- Survey and Services for Staff
 - Staff Warmlines supported by Counseling Staff
 - Wellness Activities (Self-Care, Emotional Regulation, Sensory Regulation, Available Resources to Staff in the Community)
- Social Emotional Learning Community of Practice supported by COE
- Counseling Collaborative supported by COE
- Development of Field Education Program for Intern Counselors (22-23 School year)
- Systems Improvement Workshops for Districts and COE

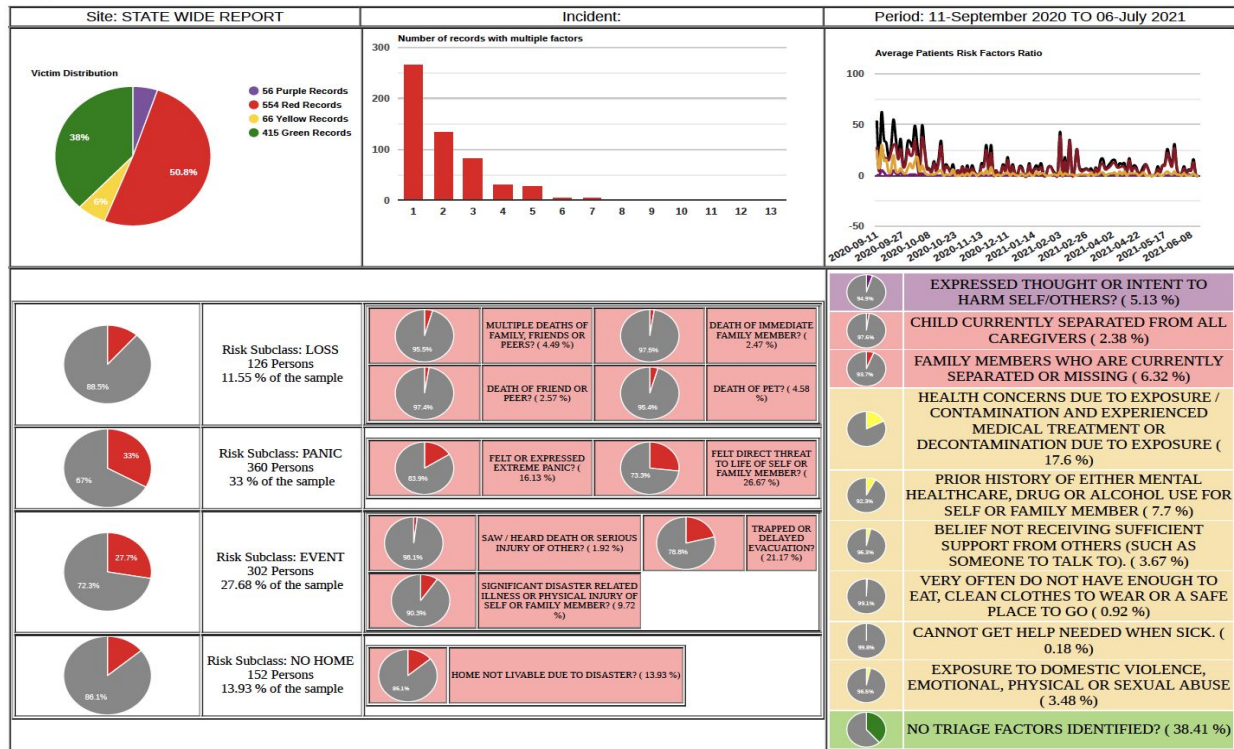

PsySTART Rapid Disaster MH Triage Systems

- Real-time situational awareness: risk types, levels, locations and resource gaps
- Geo-coded information “risk mapping”
- Floating “cut off” score permits targeted high-risk outreach and linkage priorities
- Integrated acute danger, disaster/active shooter-terrorism, COVID-19 risk and prior trauma risk indicators in one tool
- New version allows parent and student “self-triage” option
- Allows for a single, real time “common operating picture” across local health care coalitions: schools, hospitals, behavioral health
- WRAP-EM version available at no cost in WA,OR,CA,NV,AZ,UT

PsySTART Pediatric Community Risk Surveillance(9/20/20 -3/21/21)
