------------	--	---	---------------	--

The Governor proposes to add \$1.1 billion in federal Stabilization Funds from the American Recovery and Reinvestment Act (ARRA) to the 2009-10 budget. This is the second and final installment of ARRA Stabilization Funds. The first installment of \$2.6 billion was recently added to the 2008-09 budget via the Control Section 28 process.

Per the Governor, this is a “placeholder” amount that will change based on the Legislature’s final actions for K-12 and higher education in 2008-09 and 2009-10.

-14,400,000

-14,400,000

While the February Budget scored \$14.4 million in savings associated with the Administration's proposal to increase the fee families pay in order to receive subsidized child care, the Legislature withheld action on the associated policy change.

Under the Governor's proposal, families earning between \$23,400 and \$24,444 annually (for a family of three) would see their fees double (from \$2 - \$4 daily). Where fees used to comprise 2.2 percent of family income; this proposal increases that to 4.3 percent.

Mid-range families who pay 6 percent of their income on child care would pay over 8 percent.

At the "highest" income ranges (up to \$44,664) fees continue to be capped at 10 percent of family income.

**Child Care Regional Market Rates**

February Budget adopted \$38.7 million in savings associated with the Administration's proposal to reduce the rates at which subsidized child care providers are reimbursed for services. The Legislature, however, withheld action on the associated policy change.

Current law reimburses child care services at a maximum of the 85th percentile of the 2005 Regional Market Rate. The January proposal reduces this to the 75th percentile.

Background: Federal Law requires providers of subsidized child care services to be reimbursed based on a "market rate" system.

The savings derived from the Administration's proposal are due to the sum of two calculations: (1) increasing rates based on NEW 2007 Regional Market Rate (RMR) data; then (2) decreasing the maximum reimbursement rate from the current level (the 85th percentile of the RMR) to the 75th percentile.

<b>248</b>	<b>Reduce Funding for Child Care "Overpayments"</b>		-36,000,000	
------------	---	--	-------------	--

Administration proposes to reduce funding for child care services based on a CDE report citing approximately \$144 million in overpayments. DOF assumes cost savings associated with 25 percent (\$36 million) of these payments.

Staff notes, these estimates are extrapolated from a CDE report which found that the vast majority of overpayments were due to administrative errors, not fraud. Further, given the difficulty in collecting on "administrative errors" this reduction is essentially an unallocated reduction to the child care program. It remains unclear how this cut can be effectuated without reducing child care slots.

<b>6110-001-0001/6110-001-0890 (Issues 087 and 090)</b>	<p>The Budget Act of 2009 provides \$2,191,000 General Fund in lieu of federal funds for CALTIDES because the federal government had not finalized its 2009 budget and it was unclear if there would be sufficient Title II funds to support CALTIDES. Additionally, the Budget Act of 2009 provides \$945,000 federal Title II funds for CALTIDES by eliminating the Compliance, Monitoring, Interventions, and Sanctions Program (CMIS) and shifting those funds to CALTIDES.</p> <p>In March 2009, the SDE was awarded a \$6.0 million federal grant by the federal Institute of Education Sciences that will be made available over four years for CALTIDES system integration and is scheduled to begin in 2010. The SLDS grant funds are limited to systems integration of state-level development of educational longitudinal databases. Additionally, the 2009 federal budget, adopted after the state budget was adopted in February 2009, includes sufficient federal Title II funds to restore CMIS and fully fund CALTIDES with federal funds.</p> <p>It is further requested that Provision 17 be deleted from Item 6110-001-0890 and new provisions be added to conform to this action as follows:</p> <p><del>“17. Of the funds appropriated in this item, \$945,000 is available on a one-time basis from federal Title II funds for the State Department of Education (SDE) to contract services for the development of the California Longitudinal Teacher Integrated Data Education System (CALTIDES). By September 30, 2010, the SDE shall submit a detailed report of the expenditures authorized under this provision to appropriate budget and policy committees of the Legislature, the Legislative Analyst’s Office, and the Department of Finance.”</del></p>

	<p>It is further requested that provisional language be added to Item 6110-001-0890 to conform to this action.</p> <p>X. Of the funds appropriated in this item, \$945,000 of federal Title II funds is for the Compliance, Monitoring, Interventions, and Sanctions (CMIS) Program. This program is designed to help school districts meet the highly qualified teacher requirements specified in the federal No Child Left Behind Act of 2001 (20 U.S.C. Sec. 6301 et seq.). By April 1, 2010, the State Department of Education shall submit a report on the CMIS Program to the appropriate budget and policy committees of the Legislature, the Legislative Analyst’s Office, and the Department of Finance. The report shall identify (a) the number of school districts that received CMIS support in the 2009-10 fiscal year and (b) the major components of the plans that those districts developed to respond to the federal highly qualified teacher requirements. For each participating district, the report shall provide longitudinal data on the number and percent of teachers who are and are not highly qualified. At a minimum, the 2009-10 report shall include finalized data for the 2008-09 fiscal year and initial data for the 2009-10 fiscal year. <b>6600-001-0001</b>	<b>Eliminate State Support for Hastings College of Law</b>	10,300,000	-10,293,000	<u>Background.</u> Hastings was established in state statute in 1878 as the first law department in the University of California, and the first law school in the State of California.
432	May Revision proposes to eliminate <u>all but</u> \$7,000 of General Fund support for the Hastings College of Law, effective July 1, 2009.  While this action essentially "privatizes" the college, DOF believes that providing this minimal appropriation (\$7,000 General Fund; \$153,000 Lottery) is sufficient to constitute "state support", thus meeting the minimal requirements of the college founder.			The establishment was conditioned upon Judge S.C. Hastings paying \$100,000 into the state treasury for support of the school. Should the college fail to exist, the state is required to repay the heirs of Hastings estate the original \$100,000 plus accumulated interest.  Hastings, while technically part of the UC, has enjoyed a relationship independent from the UC Board of Regents due in part to its independent governing board and an organization structure that pre-dates UC's other academic programs.

**Community College Fees**

May Revision holds student fees at the community colleges constant at the rate of \$20 per unit. For a full-time student (taking 15 units per semester) this equates to \$600 annually.

Prior fee levels include:

- \$20 per unit (2007 to present)
- \$26 per unit (2004-06)
- \$18 per unit (2003-04)
- \$11 per unit (2000-03)
- \$12 per unit (1999-2000)
- \$13 per unit (1993-1999)

(Differential fee of \$50 per unit was imposed on baccalaureate degree holders from 1993-1996).

Note: Increasing fees by \$2 per unit results in approximately \$30 million in additional revenue; an increase of \$6 per unit equates to \$75 million in revenue.
