6610-001-0001 California State University**550 Student Academic Preparation and Student Support Services Programs**

Governor: The Governor's Budget did not include budget bill language specifying a dollar amount for the student academic preparation and student support services programs.

Assembly: The Assembly adopted budget bill language that stated that the funding for the academic preparation and support programs could not be reduced from the 2009-10 level of funding, and that the CSU should submit a report to the Legislature by April 1, 2011, on the expenditure of funds for the programs. The Assembly's language did not specify dollar amounts for the program.

Senate: The Senate adopted budget bill language that stated that the CSU must spend \$52 million on the academic preparation and support programs, and that of that amount \$45 million is for the Early Academic Assessment Program and the Educational Opportunity Program. The Senate language also allowed the CSU to reduce this amount proportionally relative to the General Fund cuts since 2007-08. The Senate language also specified that the CSU should submit a report to the Legislature by April 1, 2011, on the expenditure of funds for the outreach programs.
