OVERVIEW

Summary:

On January 10, 2011, Governor Brown presented the Legislature with a comprehensive budget proposal to close a \$25.4 billion General Fund shortfall. With the Governor's action blocking the state building sale/leaseback scheme, the shortfall grew to \$26.6 billion.

The Governor put forth bold and difficult proposals to close the gap, including over \$12 billion in expenditure reductions and \$12 billion in revenue solutions – and called on the Legislature to complete its work on the budget within 60 days.

The Assembly Budget Committee immediately began tackling the challenge and has held over 31 subcommittee and committee hearings analyzing and reviewing the Governor's budget proposals in an open and transparent forum.

The actions outlined in this report are the Assembly's Version of the budget.

The Assembly Version embraces an overall agreement with the Governor's budget priorities, including the following:

- Protects K-12 Education;
- Makes very tough cuts to all other areas of the budget, including savings from Redevelopment Agencies and cutting CalWORKs to 48 months;
- Requires temporary extension of current revenues to be approved by the voters; and,
- Realigns Governmental services to the local level.

The Assembly's Version also follows the Governor's formula of a balanced mix of expenditure reductions and revenue solutions to close the \$26.6 billion budget gap.

The solutions are summarized as follows:

Starting Shortfall	-\$26.6 billion
Expenditure Reductions	\$12.7 billion
Revenue Solutions	\$12.0 billion
Other Solutions	\$2.2 billion
Total Solutions	\$26.9 billion
Final Reserve	\$0.3 billion

The following chart lists the General Fund Solutions:

Expenditure Reductions:	
• Health and Human Services, including child care	\$6.4 billion
• Redevelopment Agencies	\$1.7 billion
• UC/CSU	\$1.0 billion
• Transportation Prop 22 Weight Fee Fix	\$1.0 billion
• Corrections	\$0.9 billion
• State Salaries / State Operations	\$0.7 billion
• Local Mandate Savings	\$0.2 billion
• Courts	\$0.2 billion
• Various Others (rounding)	\$0.3 billion
Subtotal, Expenditure Reductions	\$12.7 billion
Revenue Solutions:	
• 5-year PIT surcharge extension (voter approval)	\$3.3 billion
• 5-year Dependent Exemption reduction extension (voter approval)	\$2.0 billion
• 5-year VLF extension (voter approval)	\$1.4 billion
• 5-year Sales Tax extension (voter approval)	\$4.5 billion
• Mandatory Single Sales Factor	\$1.4 billion
• Repeal Enterprise Zones	\$0.9 billion
• Various other revenue solutions	\$0.5 billion
• (Prop 98 impact of Revenue Solutions)	(\$2.0 billion)
Subtotal, Revenue Solutions	\$12.0 billion
Other Solutions:	
• Special Fund Borrowing	\$1.4 billion
• Special Fund Borrowing in lieu of State Building Sale	\$1.1 billion
• Disability Fund Loan for UI interest Payments	\$0.4 billion
• Various others (rounding)	\$0.1 billion
• (Prop 98 solutions included above to reduce to minimum)	(\$0.8 billion)
Subtotal, Other Solutions	\$2.2 billion
Total Solutions:	\$26.9 billion

Revenue Extension Proposals

The Assembly Version adopts the Governor's revenue, as proposed. This includes the proposal to continue the temporary taxes that were put in place in 2009 to benefit the General Fund or for Realignment purposes. Since these have been in place for some time, the continuation of these should not prove to be a disruption in terms of additional economic or administrative burden. The continuation for five years is timed to mesh with the gradual economic recovery that is forecast.

- Continues the 0.25 percent personal income tax (PIT) surcharge for all California taxpayers, generating \$1.2 billion in 2010-11 and \$2.1 billion in 2011-12;
- Continues the reduction in the dependent credit exemption to equal the personal exemption credit of \$99 in 2010, generating \$725 million in 2010-11 and \$1.2 billion in 2011-12;
- Continues the current Sales and Use Tax (SUT) 1 percent temporary statewide rate, generating \$4.5 billion in 2011-12; and,
- Continues the current Vehicle License Fee (VLF) 0.5 percent temporary additional rate, generating \$1.4 billion in 2011-12.

Other Revenue Proposals

- Adopts the Governor's proposal to eliminate apportionment factor options and make mandatory the single sales factor (SSF) apportionment for multistate corporations.
 - This will ensure the incentive effects associated with SSF but eliminate "gaming" that would occur with an elective apportionment method.
 - Also approve the sourcing of sales based on market, consistent with market-based SSF apportionment.
- Adopts the Governor's proposal to eliminate tax incentives associated with Enterprise Zones and various other economic incentive areas.
 - These programs have not proven to represent cost-effective means of increasing economic activity or employment opportunities on a state-wide basis.
- Adopts various tax compliance and enforcement measures including Voluntary Compliance Initiative II, Financial Institutions Records Match and Look-Up Table for Use Tax Payments.

Proposal (\$ millions)	2010-11	2011-12	2 Year Total
Personal Income Tax--0.25 Percent Surcharge	1,187	2,077	3,264
Personal Income Tax—Dependent Credit Reduction	725	1,248	1,973
Sales and Use Tax—1.0 Percent Rate	0	4,549	4,549
Vehicle License Fee—0.5 Percent Rate	0	1,382	1,382
Corporation Tax—Single Sales Factor/Market Sourcing	468	942	1,410
Enterprise Zones—Repeal	343	581	924
Targeted Amnesty—Voluntary Compliance Initiative II	270	-50	220
Other Compliance Measures	10	30	40
Other General Fund Offsets	160	97	257
Prop 98 Interaction	0	-1,990	-1,990
Total	3,163	8,866	12,029

Redevelopment

The Governor’s Budget proposal for redevelopment is part of the Administration’s overall change in approach to local economic development activities. As part of this new approach, the Administration proposes major changes the way in which local redevelopment is funded. The administration argues that current redevelopment activities do little to generate new economic growth, but simply move activity around the state. Given this, the Administration indicates that the funding burden for such activities should be borne locally.

Under the proposal, redevelopment agencies would be eliminated and new redevelopment authorities would be established to carry-out local economic development efforts. As part of the plan, existing obligations (such as outstanding debts and contractual obligations) would continue to be secured by the property tax increment. The remainder of the property tax increment would be shifted to local schools, cities and counties to fund basic public services (in the budget year, \$1.7 billion would offset program costs borne by the General Fund). In place of the property tax increment, the Administration funding proposal entails a constitutional amendment that would allow for the issuance of debt for redevelopment purposes.

There are substantial benefits to the Governor’s proposal. Not only does the plan provide important budgetary savings in the form of offsets to General Fund expenditures, but the proposal also provides changes to the redevelopment program that align program costs more closely with the benefits of the economic investment activities.

The Assembly’s Version includes the General Fund savings of the Governor’s plan, but reflects that the final budget crafted by the Budget Conference Committee may achieve the savings through reforms in lieu of elimination. Such reforms must achieve the anticipated General Fund savings, improve redevelopment, provide more funding for schools and other local governments, and protect affordable housing programs.

Public Safety Realignment

The Assembly's version of the budget adopts the Governor's Realignment proposal to dedicate \$5.9 billion in revenue to fund public safety programs. The details of this proposal will be developed in the budget Conference Committee. The long-term goal is not to reduce services, but rather to provide services more efficiently and at less cost.

In addition to providing services at the most appropriate level of government, it is critical that these services be funded with a dedicated statewide source of funding.

As outlined by the Governor, the goals of this realignment are to:

- Protect California's essential public services;
- Create a government structure that meets public needs in the most effective and efficient manner;
- Have government focus its resources on core functions;
- Assign program and fiscal responsibility to the level of government that can best provide the service;
- Have interconnected services provided at a single level of government;
- Provide dedicated revenues to fund these programs;
- Free up existing local funds not currently used for core services so they can be used as an enhancement for the realigned programs or for other core local priorities;
- Provide as much flexibility as possible to the level of government providing the service;
- Reduce duplication and minimize overhead costs; and,
- Focus the state's role on appropriate oversight, technical assistance, and monitoring of outcomes.

The Assembly anticipates that Conference Committee discussions will include exploring its concept of giving local government a voice and some control in the implementation of realignment, so that there can be no danger of the state forcing a bad deal on local government.

Subcommittee Report

Subcommittee #1, on Health and Human Services

Holly Mitchell, Chair

HEALTH

Medi-Cal Major Issues:

- **Mandatory Co-pays.** Cuts Medi-Cal by \$557.2 million by mandating that beneficiaries pay co-payments as follows: 1) \$5 for every physician or clinic visit; 2) \$3 (generics) or \$5 per prescription; 3) \$50 for emergency room visits (for emergencies or non-emergencies) and \$100 per day, with a maximum of \$200 per admission, for inpatient services; and 4) \$5 for every dental visit.
- **Rate Reductions.** Cuts Medi-Cal by \$729.6 million General Fund by reducing rates paid to Medi-Cal providers and skilled nursing facilities by ten percent.
- **Utilizations Controls.** Cuts Medi-Cal by \$17.2 million by eliminating coverage of over-the-counter cough and cold products, limiting coverage of enteral nutrition products to tube fed (giving discretion to DHCS to grant exemptions), and imposing an annual dollar maximum on hearing aids of \$1,510 per year. Denies caps on physician visits, prescriptions, durable medical equipment and medical supplies.
- **Adult Day Health Care.** Cuts \$28 million from ADHC by enforcing existing medical acuity eligibility criteria, consolidating state administration of the program, and making other reforms to the program, without eliminating the benefit.
- **Medi-Cal Managed Care Tax.** Secures on-going revenue by making permanent (with a 3-year sunset) the tax on Medi-Cal managed care organizations.

Healthy Families Major Issues:

- **Healthy Families Premiums.** Cuts Healthy Families by \$22 million General Fund by increasing monthly premiums paid by families enrolled in the program.
- **Healthy Families Co-pays.** Cuts Healthy Families by \$5.5 million General Fund by increasing co-payments paid by families for hospital services, consistent with hospital co-pays in Medi-Cal.
- **Healthy Families Vision Coverage.** Cuts Healthy Families by \$3 million General Fund for support of vision coverage, without eliminating the benefit.

Developmental Disabilities Major Issues:

- **Unallocated Reduction.** Adopts alternative funding to backfill the Governor's \$750 million unallocated reduction by \$374.5 million by adopting: \$13 million in Federal Funds for Porterville DC consumers, \$50 million in Prop 10 funds, \$60 million in Federal 1915 (i) Waiver funds, \$10 million in Money Follows the People Federal Grant, \$15 million savings from rejecting Medi-Cal hard caps on physician visits and \$226.5 million General Fund. Also approves budget savings of \$91.5 million GF by adopting trailer bill language to extend the 4.25 percent reduction to Operations and Purchase of Service reimbursements, \$13.2 million general fund from Developmental Center reductions, and \$11.2 million from Regional Center Operations savings. Lastly, approves budget savings of \$109.6 million from increased Administrative Accountability and Transparency at Regional Centers through trailer bill language. Placeholder language to achieve this savings is approved for Regional Center Conflict of Interest, Third Party Liability, Audits, Contracts and Direct Services and Regional Center Accountability and Transparency.
- **Statewide Purchase of Service Standards.** Adopts placeholder Assembly trailer bill language to delineate the parameters and process to achieve the \$150 million reduction from Statewide Purchase of Service Standards. This includes: allowing the Department to use subject area workgroups to develop recommendations, submitting a report to both fiscal committees no later than May 15, 2011 and implementing statewide standards pending Legislative approval.

Other Health Major Issues:

- **Proposition 10 Fund Shift to Medi-Cal.** Cuts Medi-Cal by \$1 billion General Fund by replacing it with \$1 billion in Proposition 10 reserves and eliminates the State Prop 10 Commission for on-going savings of approximately \$89 million annually, to cover Medi-Cal services for children 0-5 years of age. Denies proposal to shift fifty percent of local funding on an on-going basis.
- **Proposition 63 Fund Shift to State Mental Health Programs.** Cuts \$900 million General Fund primarily from Medi-Cal by replacing it with \$861 million in Proposition 63 funds for: AB 3632, EPSDT, and Mental Health Managed Care.
- **AIDS Drug Assistance Program Cost Savings.** Cuts \$77 million in General Fund reflecting: \$7 million in administrative savings and an increase in federal funds; and a \$70 million allocation from the Safety Net Care Pool. Directs the administration to expand eligibility in the CARE/HIPP Program and facilitate enrollment of ADAP clients into the HIPP Program, the Pre-Existing Condition Insurance Program, and Low-Income Health Insurance Programs for additional General Fund savings in ADAP. Achieves equivalent savings without increasing cost sharing for ADAP clients.

- **Emergency Preparedness Reductions.** Cuts \$5.8 million in General Fund for maintaining the state's medical supplies stockpile and mobile field hospitals for major public health emergencies.

HUMAN SERVICES

CalWORKs Major Issues:

Approves the following reductions to the CalWORKs program, which total approximately \$1.2 billion GF savings, and the adoption of placeholder trailer bill language to effectuate the changes.

- **Lifetime Time Limit Reduction.** Approves Governor's proposal to cut CalWORKs from 60-months to 48-months for adults effective June 1, 2011, without altering policies regarding those adults' exemptions, for a savings of approximately \$13 million in 2010-11 and \$158 million in 2011-12. This action does not include cuts to children and reflects the Governor's proposals related to the 2009 reforms.
- **Grant Cut.** Approves five percent grant cut effective June 1, 2011 to save approximately \$195 million. This will reduce the maximum grant for a family of three in a high cost county from \$694 per month to \$659.
- **Single Allocation Reduction.** Cuts funding of the Single Allocation for child care, welfare-to-work, and administration costs by \$476 million, approximately \$100 million higher than proposed by the Governor. Correspondingly, extend the statutory changes and exemptions for parents of young children that were enacted in 2009-10. To the extent necessary, expand upon the existing statutory exemptions to provide direction regarding the implementation of this reduction.
- **Earned Income Disregard.** Approves the LAO's alternative proposals to simplify the earned income disregard to include 50 percent of all relevant earnings and to expand the state's participation in the subsidized employment program created by AB 98. Savings from the earned income disregard change, effective June 1, 2011, would be approximately \$17 million in 2010-11 and \$200 million; the subsidized employment program changes would be cost neutral.
- **Additional Reductions.** Adopt reductions of: 1) \$20 million in the CalLearn Program, 2) \$5 million for substance and mental health services for CalWORKs recipients, 3) \$5 million across the SAWS automation systems (allocation for automation reduction to be determined through collaboration of the administration, legislative committee staff, LAO, and the counties).
- **Stage 1 Child Care.** Approves savings of up to \$69 million for Stage 1 child care conforming to actions taken in the child care package.

In-Home Supportive Services Major Issues:

Approves the following reductions to the IHSS program, to achieve the Governor's combined savings level of \$486.1 million General Fund.

- **Medical Certification.** Approves the Governor's proposal to require a certification that personal care services are necessary to prevent out-of-home care, with resulting General Fund savings of \$120.4 million.
- **Caseload Savings.** Cuts \$83.4 million General Fund from the program due to caseload savings both in 2010-11 and 2011-12, adjusting caseload trends for the current and budget year based on demonstrated and more recent numbers of recipients and hours paid.
- **Community First Choice Options.** Saves \$121 million General Fund in the program due to expected approval of an additional six percent in FMAP as a result of IHSS qualifying under the new federal Community First Choice Options.
- **Additional Savings.** Adopts placeholder trailer bill to include contemplation of additional savings proposals to close the amount of \$161.4 million General Fund to meet the Governor's savings number for the program. These may include, but are not limited to, proposals regarding medication compliance, nursing home intervention and diversion, and expanded goals for the Community Transitions Program.
- **Advisory Committees.** Cuts \$1.4 million from IHSS Advisory Committees and eliminates the mandate, while retaining \$3,000 for each of the 56 Public Authorities (PAs) to support the continued operation of Advisory Committees within the budget for PAs.
- **Other Issues.** Defers without prejudice additional proposals forwarded by advocates for consideration during the usual Spring Subcommittee process, including, but not limited to, methods to reduce program costs by successfully transitioning consumers to similar or higher models of care, such as the creation of a pilot program with the Veterans Health Administration for eligible veterans.

Supplemental Security Income/State Supplementary Payment (SSI/SSP):

- **Grant Cut.** Approves the Governor's proposal to reduce monthly SSP grants for individuals to the federally required minimum payment standard, for General Fund savings of \$14.7 million in 2010-11 and \$177.3 million in 2011-12.

Multipurpose Senior Services Program:

- **MSSP.** Rejects the Governor's proposal to eliminate funding for MSSP, maintain the program at its \$19.9 million General Fund level.

Child Support Services Major Issues:

- **County Share.** Approve the Governor's proposal to suspend the county share of child support collections in 2011-12, for General Fund savings of \$24.4 million.
- **Reversion Savings.** Approves savings of \$6.3 million General Fund associated with reversion of reappropriated funds originally allocated for the California Child Support Automation System (CCSAS). The reversion amount reflects the anticipated unencumbered balance as of June 30, 2011, in Item 5175-490.
- **Technology Refresh.** Approves savings from CCSAS Technology Refresh of \$1.297 million General Fund. This is achieved through a reduction in Item 5175-001-0001 by \$581,000; reduction in Item 5175-001-0890 by \$1,127,000; reduction in Item 5175-101-0001 by \$716,000; and a reduction in Item 5175-101-0890 by \$1,390,000 on a one-time basis to reflect the delay of a CCSAS technology refresh for state and local child support agencies.

Child Welfare Major Issues:

- **Transitional Housing Program Plus.** Adopts the Governor's reduction of \$19 million General Fund from the Transitional Housing Program Plus (THP-Plus) program reflecting savings as a result of the implementation of AB 12, sustaining funding of \$16.8 million for youth served in the program not served by AB 12.

Other Changes:

- **Special Fund Loan.** Approves a \$1.5 million loan in 2011-12 from the DIU Fund in the Department of Alcohol and Drug Programs to the General Fund pursuant to the Sales/Leaseback package from the administration.
- **Special Fund Transfer.** Approves a one-time transfer in 2010-11 from the Foster Family Home and Small Home Fund of \$3 million to the General Fund pursuant to the Sales/Leaseback package from the administration.

* subject to reconciliation.

Subcommittee Report

**Subcommittee #2, on Education
Finance**

Susan Bonilla, Chair

K-12 EDUCATION**Proposition 98 Package:**

- **Overall Funding Level.** Adopts the Governor's Proposition 98 funding level of \$49.3 billion for 2011-12. Provides \$7,344 per pupil (Proposition 98) in 2011-12, down from the \$7,358 per pupil provided in 2010-11.
- **New Deferral.** Adopts the Governor's proposal to defer \$2.2 billion in K-12 and Community College costs to 2012-13 and moves this issue to Conference Committee to work with the Administration to mitigate the length of the deferrals, currently scheduled from July 2011 to July 2012.
- **Mandates.** Defers rather than funds ongoing K-14 state-mandated local programs costs. Sustains all other mandate reforms enacted as part of the 2010-11 Budget Act. The Subcommittee will revisit this issue in the spring to review the recommendations of the mandate working group.
- **Economic Impact Aid.** Restores \$56 million to the Economic Impact Aid (EIA) program based on updated workload estimates.
- **Emergency Repair Program.** Rejects Governor's proposal to provide \$42.8 million in ongoing Proposition 98 funding and \$10.777 million in one-time funds for the Emergency Repair Program. Funding is used to mitigate other reductions within Proposition 98.
- **Special Disabilities Adjustment.** Adopts Governor's proposal relative to funding for the Special Disabilities Adjustment (SDA). The Subcommittee will revisit this issue in the spring when CDE releases the results of their study of the issue.

Other K-12 actions:

- **CALPADS.** Adopts Governor's proposal to withhold additional funding for the California Longitudinal Pupil Achievement Data System (CALPADS) and the California Longitudinal Teacher Integrated Data Education System (CALTIDES) and moves this issue to the Conference Committee for further review. The Legislature will also participate in the interagency working group that the Governor's office will convene to discuss issues related to California's education data system.
- **Secretary of Education Elimination.** Approves the elimination of the Office of the Secretary of Education (OSE). This results in a net decrease of \$1.6 million to the General Fund (non-Proposition 98) for 2011-12 and \$400,000 for the current year. Approve the transfer of \$274,000 from the General Fund to fund three position shifts from the California Department of Education (CDE) to the

State Board of Education (SBE). The Subcommittee will reassess the Governor's proposal when final workload and staff analysis are available at May Revise.

- **Categorical Flexibility.** Approves the Governor's proposal to extend various flexibility options to school districts for an additional two years, including categorical flexibility, routine and deferred maintenance requirements, class size reduction, instructional minutes and local budget reserve requirements. The Subcommittee and education policy committee will revisit these issues in more depth during spring hearings.
- **Class Size Reduction.** Approves Governor's funding level of \$1.27 billion for the K-3 Class Size Reduction Program. Adopts trailer bill language to appropriate funding through statute rather than in the annual budget act. This ensures full funding for the program and is consistent with action taken in the 2010-11 Budget Act.

CHILD CARE & DEVELOPMENT SERVICES

- **Alternative to 34.6 percent Subsidy Reduction.** Approves alternative to the Governor's proposal for a 34.6 percent subsidy reduction to instead reduce all contracts, including pre-school, by 10 percent, generating \$178 million in Proposition 98 savings.
- **Eliminate Eligibility for 11-12 Year-Olds.** Rejects the proposal to eliminate eligibility for 11-12 year old child care services.
- **Reduce Family State Median Income to 60 Percent.** Approves reducing the family State Median Income to 70 percent, generating \$40 million in Proposition 98 savings.
- **Eliminate Centralized Eligibility List.** Approves the elimination of funds to the Centralized Eligibility List and the transfer of funds to direct child care services.
- **Restore CalWORKs Stage 3.** Approves the restoration of CalWORKs Stage 3 without any policy changes enacted during the current year.
- **Reduce License-Exempt Provider Rates.** Reduces License-Exempt providers' rates from 80 percent of the licensed rate to 60 percent, generating \$55 million in Proposition 98 savings.
- **Child Care Deferral.** Approves \$150 million in inter-year deferrals.
- **Quality Programs.** Approves \$16 million in federal funds reduction to account for the loss of one-time American Recovery and Reinvestment Act (ARRA) funds, in a manner that is consistent with legislative intent and prioritization of programs.

HIGHER EDUCATION

California State Library

- **Reductions.** Reduces the magnitude of reductions to preserve the English Acquisition & Literacy Program, and reduces the Public Library Foundation and California Library Services Act by \$1.5 million each.

University of California:

- **Unallocated Reductions.** Approves the \$500 million in unallocated reductions, with reporting requirements on how the university to mitigate impacts to students.
- **Academic Preparation & Outreach Programs.** Approves budget bill language to protect academic preparation and outreach programs from disproportionate reductions.
- **Capital Outlay Projects.** Denies without prejudice any new lease-revenue bond projects, to be discussed during the Spring Budget Process.

California State University:

- **Unallocated Reductions.** Approves the \$500 million in unallocated reductions, and allows for current year reversion of \$75 million to count towards their reduction with reporting requirements on how the university to mitigate impacts to students.
- **Academic Preparation & Outreach Programs.** Approves budget bill language to protect academic preparation and outreach programs from disproportionate reductions.
- **Capital Outlay Projects.** Deny without prejudice any new lease-revenue bond projects, to be discussed during the Spring Budget Process.

Hastings College of the Law:

- **Unallocated Reductions.** Approves the \$1.5 million in unallocated reductions.

California Community Colleges:

- **Unallocated Reduction.** Approves the \$402.9 million in unallocated reductions to apportionments, with reporting requirements on funding priorities to mitigate impact to students. The increase of \$2.9 million in reduction is due to the rejecting of the decoupling fee revenue proposal to financial aid services.
- **Student Fee Increase.** Approves a \$10 per unit fee increase from \$26 per unit to \$36 per unit. This will generate the community colleges \$110 million in fee revenue to mitigate reductions.
- **Census Date Change Proposal.** Rejects this policy change proposal. The Subcommittee recognizes the need to vet such major changes in funding formulas to avoid adverse consequences and was constrained under the limited time frame.

California Student Aid Commission:

- **TANF Fund Shift.** Approves conforming action to Subcommittee 1 on CalWORKs package and funds the Cal Grants programs.

Tracking Chart of Subcommittee Issues*					
Org #	Department	Issue	Date	Sub Action	Committee Recommendation
6110	Department of Education	Proposition 98 Funding	1/25, 2/1, 2/7	Held Open	Approve Proposition 98 package (see attached)
6110	Department of Education	CALPADS/CALTID ES	2/1	Held Open	AAB with intent to move to conference committee for continued discussions of current year and budget year program needs.
6110	Department of Education	Categorical Flexibility	2/7	Held Open	AAB. Revisit in spring to discuss options.
6110	Department of Education	K-3 Class Size Reduction	2/7	Held Open	Approve Governor's funding level (\$1.27 billion). Remove Budget Act appropriation. Replace with placeholder TBL to appropriate funds through statute consistent with 2010-11 Budget Act.
6110	Department of Education	Elimination of the Office of the Secretary of Education (\$1.6 million net GF reduction)	2/7	Held Open	AAB
6110	Department of Education	Shift 3 positions from CDE to State Board of Education. Shift \$274,000 from OSE elimination to fund 3 positions.	2/7	Held Open	AAB with intent to re-evaluate at May Revise when final workload and staffing analysis is available.
6110-196	Department of Education	Child Care & Development Programs	2/2	Held Open.	Approve as a Proposition 98 Package. (see attached)
6110-196	Department of Education	Restore CalWORKs Stage 3	2/2	Held Open.	Approves Restoration of CalWORKs Stage 3 for April – June 2011, using \$60 million in identified unspent prior year funds and reject policy proposals.
6120	California State Library	Eliminate \$30.4 million in funding for the Public Library Foundation, Library Services Act, and English Acquisition			Approves a \$1.5 million reduction to Public Library Foundation and \$1.5 million reduction to Library Services Act.

		and Literacy Program.			
6420	California Postsecondary Education	Budgeted at \$1.9 million.	1/26	Held Open.	Approves as Budgeted
6440	University of California	Unallocated Reduction of \$500 million.	1/26	Held Open.	Approves + Placeholder BBL/TBL
6440	University of California	Set -aside for low wage workers.		Not Heard	Approves + Placeholder BBL.
6440	University of California	Capital Outlay Projects		Not Heard.	Denies without Prejudice all new Capital Outlay Projects using Lease Revenue Bond funds. To be discussed during the Spring Process.
6600	Hastings College of the Law	Unallocated Reduction of \$1.5 million	1/26	Held Open.	Approves as Budgeted
6610	California State University	Unallocated Reduction of \$500 million	1/26	Held Open.	Approves reduction, accounting for \$75 million in current year reverting + Placeholder BBL/TBL
6610	California State University	Capital Outlay Projects		Not Heard.	Denies without Prejudice all new Capital Outlay Projects using Lease Revenue Bond funds. To be discussed during the Spring Process.
6870	California Community Colleges	Proposition 98 Funding	1/26	Held Open.	Approve Proposition 98 package. (see attached)
6870	California Community Colleges	Student Fee Increase of \$10, from \$26/unit to \$36/unit	1/26	Held Open.	Approves but reduce Enrollment Growth schedule and folds the \$110 million in fee revenue into Apportionments.
6870	California Community Colleges	Census Date Change Proposal	1/26	Held Open.	Rejects without prejudice. Subcommittee did not have the adequate time to analyze such a major change in funding formula that may have adverse consequences.
6870	California Community Colleges	Decouple Fee Revenue from financial aid support Proposal	1/26	Held Open.	Rejects policy proposal. Augments the financial aid support program by \$2.9 million.
6870	California Community Colleges	Capital Outlay Projects		Not Heard.	Denies without Prejudice all new Capital Outlay Projects using Lease

					Revenue Bond funds. To be discussed during the Spring Process.
6870	California Community Colleges	California education information data.		Not Heard.	Adopts clean up TBL to SB 1298 (Simitian) to comply with statutory requirements.
7980	California Student Aid Commission	Cal Grant GF shift of \$947 million, replaced with TANF funds.	1/26	Held Open.	Conforms to Subcommittee 1 action on CalWORKs package.
7980	California Student Aid Commission	TBL: Remove the continuous appropriation authority for the Student Loan Operating Fund		Not Heard.	Denies without Prejudice. To be considered in the Spring Process.

* subject to reconciliation.

Subcommittee Report

Subcommittee #3, on Natural Resources and Transportation

Richard Gordon, Chair

RESOURCES, ENVIRONMENTAL PROTECTION AND TRANSPORTATION

Resources Major Issues:

- **Fire Protection.** Cuts \$30.7 million General Fund from CAL FIRE's budget, resulting in the reduction of staffing on fire engines from 4 firefighters to 3.
- **State Parks.** Cuts the Department of Parks and Recreation's General Fund budget by \$11 million in the budget year and \$22 million ongoing. This cut will result in the closure of a significant number of State Parks.
- **Off Highway Vehicle Parks.** Cuts \$27 million from the Department of Parks and Recreation Off-Highway Vehicle Trust fund expenditures and transfers those funds to the General Fund. This reduction is a 20 percent cut to the Off Highway Vehicle Operations Program and is unclear whether this will result in the closure of any State Vehicular Recreation Areas.

Environmental Protection Major Issues:

- **Water Resource Control Board Fees.** Raises and expands various Water Board fees to shift \$12.4 million in funding from the General Fund to new revenues.

Transportation Major Issues:

- **Transportation Gas Tax Swap Fix.** Swaps revenues from weight fees for excise tax revenues to maintain funding for transportation and transit as well as preserve \$1.6 billion in General Fund savings achieved in last year's Gas Tax Swap proposal.
- **High Speed Rail Authority.** Denies without prejudice all High Speed Rail Authority proposals so that they can be reviewed in the spring.

Other Major Issues:

- **Department of Food and Agriculture Baseline Reduction.** Cuts \$15 million from the Department's General Fund budget.
- **Local Fairs and Agricultural Districts.** Eliminates support, \$30 million in General Fund, for statewide fairs and Agricultural districts.

Subcommittee Report

Subcommittee #4, on State Administration and Information Technology

Joan Buchanan, Chair

STATE ADMINISTRATION

Employment Development Department:

- **Unemployment Insurance Federal Interest Loan Payment.** Approves the transfer of \$362.3 million from the Unemployment Compensation Disability Fund to the General Fund to make interest payments on a federal loan.
- **Federal Extended Unemployment Benefits.** Approves statutory changes for the "Three Year Look Back," which allows California to remain eligible for FedEd extended unemployment benefits.

State Controller's Office.

- **21st Century Project.** Continues funding for this vital project that will result in a single unified payroll and leave system for all state employees.
- **Audit Activities.** Commits funding for additional audits that are necessary for federal purposes or will result in the generation of additional revenue to the state.

Board of Equalization.

- **Tax Compliance Activities.** Makes permanent one of the department's successful tax compliance activities that ensures that all retailers are registered with the state and collect and remit the sales tax. The program will generate additional annual revenues of about \$70 million.

Franchise Tax Board.

- **Tax Compliance Activities.** Approves permanent funding for additional audit activities associated with workload growth, resulting in additional revenues of \$13 million annually.
- **Financial Institutions Records Match.** Approves the Financial Institutions Records Match, a tax compliance activity, that matches the records of taxpayers with overdue tax liabilities with financial resources at financial institutions. It will generate revenues of \$30 million annually.
- **Voluntary Compliance Initiative.** Approves a limited amnesty for taxpayers who participated in abusive tax shelters or sheltered income in off-shore accounts. This policy will result in accelerated revenues of \$270 million.

Housing and Community Development.

- **Housing Bond Pause.** Adopts Governor's spring bond pause, but allows HCD to resume issuing housing bonds for new loans and grants in the Fall.

Secretary of Business, Transportation and Housing.

- **Small Business Loan Guarantee Expansion.** Adopts an increase of \$84.4 million in federal funds to the Small Business Loan Guarantee Program and reverts \$20 million in General Fund, appropriated in the 2010-11 Budget. Additionally, a \$1 million in General Fund savings is adopted by converting the program administration to 50-percent General Fund and Trust Fund interest, and 50-percent federal funds. Lastly, budget language is approved to allow the transfer of \$20 million General Fund to the Trust Fund, if loan defaults reduce the Trust Fund balance or funds that are necessary to maintain a 5:1 reserve ratio for outstanding loans.

California Science Center.

- **Unallocated Reduction.** Cuts the California Science Center by \$1.7 million in an unallocated reduction and approves other provisions and language adopted by the Senate.

California Department of Veteran Affairs.

- **County Veteran Service Offices.** Achieves \$7.3 million General Fund in savings, but adopts the Governor's February proposal, which funds County Veteran Service Offices (CVSO's) at their historical \$2.6 million General Fund level to conform to the Senate.

Sale-Leaseback of State Buildings.

- **Rescind Sale-Leaseback.** Adopts the Governor's plan to substitute \$1.2 billion in internal borrowing and other solutions in lieu of Governor Schwarzenegger's plan to sell state buildings.

State Operational Savings.

- **Contracting Out Savings.** Increases the Governor's state operations savings by \$100 million to \$300 million total, to reflect additional savings from the review of contracting-out of state services.

Various	State operations savings	\$200 million of State Operations Savings	NA	Not Heard	Increase savings by \$100 million to \$300 million and adopt placeholder TBL to review contracting out.

* subject to reconciliation.

Subcommittee Report
Subcommittee #5, on Public Safety
Gilbert Cedillo, Chair

PUBLIC SAFETY

Courts Major Issues:

- **Trial Court Funding.** Reduces funding for trial courts by \$176.8 million (\$23.2 million will be reduced from State Operations). This reduction will be implemented in a way that avoids court closures and minimizes the impact on court operations.
- **Court Case Management System.** Requires the Administrative Office of the Courts to have an independent audit of the Court Case Management System performed as recommended by the State Auditor.

Correction's Major Issues:

- **Local Jurisdiction for Low Level Offenders.** Achieves \$485.8 million in state savings by implementing a change in mission for the state's prison system, which includes local jurisdiction for low level offenders and by offsetting requests for additional correction's funding to avoid a \$150 million unallocated cut to correctional programs.
- **Local Jurisdiction for Juvenile Offenders.** Achieves \$78 million in state savings by realigning responsibility for the state's juvenile offenders to local jurisdictions.
